

Home Learning for 'Fun at the Fair'

Your task is to research fairgrounds - look into the history of fairgrounds and how the rides have changed compared to today's. Remember to use the information text skills you have been developing in school, in your presentation.

You can choose to present this in different ways:

Poster

Leaflet

You could create a video and link it to a QR code so that we can watch it. Scan the QR code to see how you can create a QR code.

When researching the findings from your fairgrounds, remember to:

- Use books to research (a visit to the library perhaps).
- Use the internet to research.
- Find magazines, leaflets or adverts for local theme parks to read through.
- Interview friends or family to find out what their experiences of fairgrounds are.

We will be sharing our power points, leaflets and posters in school. Please could home learning be handed in by: **23.3.26**

Enlist the help of an adult or friend to:

- Help you research fairgrounds in a variety of ways and using a range of sources.
- Help to generate ideas to support in the organisation of your thoughts.
- Help present research in an exciting way.
