

Year 2 February 2026

Home Learning for Seven Wonders of the World

In Geography:

As Geographers, the children will name and locate the world's seven continents and five oceans, whilst identifying areas with natural and man-made wonders of the world. The children will understand the geographical similarities and differences through studying the human and physical geography of Bournemouth in the United Kingdom, and of a small area in a the world.

In English:

We will be looking at different types of poetry and persuasive writing including adverts and brochures. The children will have the opportunity to write their own poem and create their own information booklet about wonders of the world.

In DT:

We will be looking at textiles and the children will learn how to sew using a running stitch. They will be making their own carpet full of colours of the world.

Following a delivery of a treasure map, the children will build on their map knowledge from the Troll project and locate some of the wonders of the world which have been placed around our school grounds. They will piece together the world map to find some of the wonders of the world.

As part of our ASCENT values, the children will be demonstrating the values of success and trust, which will be shown through the project outcomes. As part of our British Values, they will show an understanding of mutual respect and tolerance and individual liberty. This will be through learning about different countries/cultures and decide on how they would like to represent their colours of the world on their carpet.

Project Vocabulary

Please ensure your child learns these to encourage them to use them correctly in school.

improve	prove	any
many	whole	money
most	only	enjoyment
amazement		

Key information:

Home learning will be due in on Monday 23rd of March.

For our next project we will be going on a trip to Marwell Zoo. This will be on Friday 24th April. This payment is required by Friday 3rd

April. Please note that this trip will not be able to go ahead without full payment from all students so should you have any present financial difficulty, please don't hesitate to contact the school office to discuss this confidentially and a payment plan can be organised to accommodate your requirements.

Thank you 😊

Please see the attached Home Learning that has been written and explained to your child. We really value the support you show to your child with their home learning in order for them to consolidate their creativity and thinking skills. Your child will have the opportunity to share some of their Home Learning with another year group.
