

Sailing the seas 😊

Monday 1st June – Friday 19th June

Have you ever wanted to become a pirate? Have you ever made a pirate ship that can float or followed a map to reveal hidden treasure? In this topic you will learn everything you need to become a perfect pirate as we travel the high seas looking for adventure!

We will also be learning about the ocean near Bournemouth, and some of the incredible creatures that live there.

Task 1

Create an animal from the ocean using junk from your recycling bin. Be as creative as you like!

Task 2

Take part in a beach clean-up. Go with your family litter picking. How many different plastic objects can you spot? Can you make a list? Could you do a litter pick with your class?

Remember :

- Choose what works best for your child
- Talking together matters more than the finished product
- There is no right or wrong way to complete the project
