

Dear Parents and Carers

Last academic year we successful held a “Keep Fit-A-Thon” to raise funds for the 3 charities below. We will be holding another Community Charity Day this year on **Friday 19th June 2026**. This will be a time when the children and adults will be able to do 10 minutes of fitness, keep themselves fit, while having fun and excitement and raising money for worthy causes.

The children will be taking part in a sponsored Keep Fit-A-Thon where they will be completing various active activities. This will take part in the school hall at different times throughout the day.

Please see the attached sponsor form. We would be very grateful if you, family or friends could sponsor your child. All funds raised will be split equally between the worthy charities listed below.

1. **Brain Research UK (BRUK)** – This is a small charity but supported one of our families. <https://www.brainresearchuk.org.uk/>
2. **The Ellis Edwards Foundation** – This charity has been set up in memory of one of our pupils to support siblings of bereaved children. <https://ellisedwardsfoundation.com/>
3. **Julia House**. This is a charity that has supported pupils and their families in this school. <https://www.juliashouse.org/>

Please can the sponsor forms, with the donations, (in an envelope) be brought into school by **Thursday 18th June 2026**.

Thank you in advance of your generous support and the money raised will benefit so many.

Yours sincerely

Miss Buckland
Headteacher
