Reach For The Stars

Year 3 Update

Year 3 have settled back into school so well and they've had a very busy half term. As well as completing a range of addition and subtraction activities in maths the children have also written innovated stories in English and presented speeches to their teacher about why they should have a particular class job. It has been amazing to see the children's growing confidence when speaking in front of an audience and we were all very impressed by their passion for their chosen job.

In history and art, the children have been completely immersed in the Stone Age. As historians they have learnt about the differences between clothes, housing and even food consumption in the Stone Age to now. The children attempted to recreate their own wattle and daub wall using sticks, card and playdoh. They worked in teams to ensure all their wall was covered and waterproof. In art, the children have been inspired by the artist Modica Gerstein who was an American illustrator and artist. The children used his inspiration to create their own Stone Age art about their lives using skills such as colour washing, paint thickening and mixing. They completed their pieces using chalk and charcoal to add detail. We are very excited to see what next half term will bring.

Private Peaceful – Michael Morpurgo

Told in the voice of Private Tommo Peaceful, the story follows twenty-four hours at the front, and captures his memories of his family and his village life – by no means as tranquil as it appeared.

Full of vivid detail and engrossing atmosphere, leading to a dramatic and moving conclusion, Private Peaceful is both a compelling love story and a deeply moving account of the First World War.

WHAT IS THE SUPPORTING PARENTS GROUP?

The programme is designed to promote positive relationships between you and your child. By the end of the programme, you should see an increase in positive behaviours and positive parent-child interactions through meaningful connection, and a reduction in behaviours you find concerning or challenging.

WHY PARENT LED?

Parenting programmes are the single most effective intervention to support positive changes in behaviour within the family situation. Parents are best placed to understand and implement strategies over a sustained period of time.

WHAT WILL THIS LOOK LIKE?

- This is a 7 week programme delivered online via Microsoft Teams
- You will need to attend all sessions.
- The sessions will be facilitated by two practitioners
- Weekly session lasting 90 minutes with honest, open discussion
- You will be asked to complete reading and home practise tasks between each session
- Participation is a requirement, with a camera and microphone on through the sessions to engage in activities.
- Ideally you will use a laptop or computer screen to see the slides and activities

WHO SHOULD ATTEND?

- Parents/ carers struggling to manage their child's behaviour or emotional outbursts
- For parents who find it difficult to enforce boundaries around routines, e.g sleep
- Your child should be in Reception, or Years 1-4.
- You are open to learning new skills, to be able to support a change in your child's behaviour.
